Re: Nomination for Manning Award for Innovation

Dear Ivan,

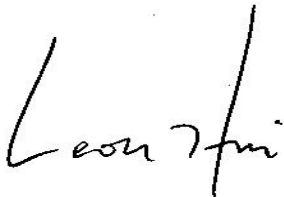

We are pleased to learn that you are nominated for the above mentioned Award. We express our highest endorsement in your nomination and wish to hear the success of winning this Award.

Your Milinator technology has been reviewed by many desertification control experts in China. Our Gobi desert project named the "Great Green Wall" is under consideration of utilizing your technology to fight desertification in China.

Please forward the result of this Award to our Canadian address as follow and we will be glad and happy to further our discussion in your Milinator Technology.
